275

WELFARE BUREAU

DETAILED REPORT OF WORK,
FEBRUARY TO JUNE, IN-
CLUSIVE

At the regular monthly board meeting of the Glendale Welfare Bureau Council on Monday, July 19th, it was moved and seconded to make public the work done by both the Welfare Bureau and the Council for the past six months.

For the benefit of people not familiar with the working order of these two organizations I beg to submit the following short history:

Until November 1, 1919, all charity work done in Glendale was handled by individual organizations, these taking care of such cases as came under their observation, the city reserving a fund to be used in emergency cases for food, fuel, etc.

As the work grew the need of a paid worker was keenly felt. Through the efforts of the P-T. A. Federation, Tuesday Club and the Thursday Club the matter was brought before the City Council and a sum granted to cover the cost of such for a trial term of six months. Mrs. R. A. Blackburn kindly consented to accept this position and it has been through her faithful efforts that so much has been accomplished.

The Welfare Bureau is controlled by the City of Glendale, Mr. Watson, the city manager, being director; Mrs. Blackburn assistant. All moneys granted by the city must pass through their hands. The Council is an organization working in conjunction with the Bureau, having a separate fund handled by their own Board of Directors. This fund is obtained through the payment of dues by all organizations wishing to join. Membership fees are payable annually—for organizations doing charitable work, five dollars; regular membership fee for associate members, \$2.50; individual membership, \$1.00. At present there are eighteen organizations holding regular membership and as we depend largely upon the dues for the work which we do those who have not as yet felt the necessity are urged to become members. By working in co-operation we avoid duplications, as a perfect card file is kept by the assistant director of the Bureau.

During the absence of Mrs. Blackburn since April, the work has been carried on by Mrs. E. D. Yard, who is

ALMOST FORGOTTEN

ARTISTIC DRINKING FOUNTAIN
ONCE ON PROMINENT COR-
NER, NOW LOOKS LONESOME

Some years ago there stood at the southeast corner of Brand and Broadway a pagoda shaped drinking fountain made entirely of cobblestones and concrete. There was a watering pool for horses and a smaller one lower down for dogs, also. When the march of progress demanded the removal of this little gem of architecture to make way for the First National Bank building, the structure was raised, braced on heavy timbers and moved to a new location on Colorado, near the grammar school. This was accomplished without dislodging a single cobblestone and was considered quite a feat of moving, so much so that Albert Marple, then living in Tropic and writing quite extensively for eastern magazines, sent a picture of it as it stood on the moving trucks, to Popular Mechanics, together with a descriptive account of the whole affair. This was given a prominent place in the magazine and commented on editorially. Now comparatively few people know the prominent place this beautiful little structure once occupied and rarely see it in its out of the way location. Yet it is one of the finest and most durable examples of cobblestone work in all this part of California.

When this removal took place, there were only two buildings, and these were residences, between Broadway and Colorado on that side of the street. These two still remain, one at 128 and the other at 208 S. Brand, but how many fine new buildings have arisen in that short space of two blocks in length in those few years. Count them.

BEAUTIFUL PAINTINGS CAN BE
VIEWED

Mrs. Harriett Frank and family of 1558 E. Wilson avenue have put up signs at the corners of their grounds stating that visitors are welcome to view the collection of pictures painted by Mrs. Frank's husband, Eugene Frank, who died in 1914, and who left many wonderfully beautiful creations of his brush.

SCHOOL BONDS SOLD

TWO BUYERS PAY \$206 PRE-
MIUM—BUILDING BIDS TO
BE OPENED AUG. 12TH

The \$32,000 bond issue for Glendale City Schools was sold last Monday. There were six bidders, the two highest being for exactly the same premium, viz., \$206.00. One of the two was the Security Trust & Savings Bank of Los Angeles, a brokerage firm being the other high bidder. The issue was divided between them and the funds are now available for the addition to the Intermediate School and other contemplated improvements. The Board expects to receive building bids for the Intermediate August 12th. If any of them are acceptable but a few days will be required to secure the bonds of contractors and get contracts signed. Members are hoping there will be no delay and that ground for the improvement can be broken at the Intermediate campus before the first of September. To conduct school in the noise and confusion of constructive work will not be easy, but it has been done before and Superintendent White and his teachers are not dismayed at the prospect.

The Colorado Street school buildings are now being painted an agreeable shade of gray similar to that with which Columbus Avenue buildings were improved last year and the Doran Street building is to be similarly treated.

Among other items of school news Superintendent White states that Mr. Ross, who was Supervisor of Agriculture in the city schools last year, has resigned to accept a position in Los Angeles.

Miss Wooldridge, head of the Domestic Science Department in the city schools, has asked for a year's leave of absence that she may take up special work at Columbia University, New York.

PURE ICE WATER IN CITY'S DRINKING FOUNTAINS

Some people who like very cold drinking water have a decided objection to iced water, preferring that which does not come in direct contact with the cooling solid. Such need have no scruples in drinking from the public fountains maintained by the city at the corner of the City Hall lot and in front of the P. E. Station. The water which spouts forth when the faucet is turned runs through a system of pipes arranged in a square coil, in the center of which square the ice, in 100-pound pieces, is placed each morning. On an ordinarily warm day this amount suffices for the day but on some occasions, when the temperature is abnormally high, more is needed. There is no purer, better tasting ice water to be had than that which spouts so freely from the absolutely sanitary drinking fountains in Glendale.

FAVORS GLENDALE

PROMINENT MOVING PICTURE
MAGNATE NEGOTIATING FOR
NEW STUDIO SITE

Word comes to the Evening News that K. H. Milligan of the Creation Films, Inc., successor to the Kalem Studios of New York City, is arranging for a site in Glendale. He is so favorably impressed with the natural beauty and scenic advantages of Southern California, together with the ideal climatic conditions for western pictures, that he has decided to incorporate a company and produce a series of two-reel westerns, also features. He controls the releases of 37 exchanges and favors Glendale above all other locations he has seen, as a most suitable place for his studio. It is understood that he is now making arrangements for a site here.

It will be remembered that the Kalem Company established the studio on North Verdugo Road, now being conducted by Lew Cody.

MARINDA V. BARTLETT

Marinda V. Bartlett, wife of the late Dr. Bartlett of Alhambra, departed this life at her home, 130 Eagledale avenue, Eagle Rock, Friday, July 23d, aged seventy-four years. Deceased leaves to mourn her one daughter, Mrs. Geneva Algia of San Joaquin, besides an extensive circle of friends. Mrs. Bartlett was a past president of Stanton W. R. C. No. 16 of Los Angeles. Funeral services will be held from the parlors of the Jewel City Undertaking Company, Monday afternoon at 2 o'clock. Interment at Inglewood Cemetery, Rev. Lewis of Los Angeles officiating.

FIFTH YACHT RACE MONDAY

DECIDING CONTEST FOR AMERICA'S CUP IS POSTPONED
ON ACCOUNT OF WEATHER

(Special Service to Glendale Evening News)
ABOARD THE U. S. DESTROYER GOLDSBOROUGH, (By Wireless to the United Press.)—July 24.—The fifth yacht race for America's cup was postponed until Monday because of heavy weather and a 25-knot wind which followed a severe electrical storm last night.

The regatta committee decided the wind was too strong for the frail racing craft. Postponement of the race disappointed old salts who want to see a real test of the two yachts.

SEVENTEEN DEATHS IN BELFAST

FURTHER SERIOUS RIOTING IS FEARED IN IRISH UPRISING; BOTH SIDES RECRUITING

(Special Service to Glendale Evening News)
BELFAST, Ireland, July 24.—The police today charged the Sinn Feiners with using explosive bullets in sniping from housetops. The official death toll for the week has reached seventeen. The Unionists today posted notices saying they are mobilizing all forces possible. The Nationalists are also gathering adherents. Further severe fighting is feared.

WILSON MAY WIRE STRIKERS

PRESIDENT CONSIDERS ASKING MINERS TO RETURN TO
WORK PENDING ADJUSTMENT

(Special Service to Glendale Evening News)
WASHINGTON, July 24.—President Wilson was considering sending a telegram today to officials of the striking miners in Illinois coal fields, asking them to return to work pending adjustment of the wage controversy by Department of Labor officials.

SPECIAL SESSION OF LEGISLATURE

HARDING, IF ELECTED, WILL CALL LAWMAKERS TO
REPEAL WAR LEGISLATION

(Special Service to Glendale Evening News)
MARION, O., July 24.—Harding's advisors declared today that if Senator Harding is elected president a special session of the legislature will be called immediately following the inauguration in March for the purpose of repealing war time legislation and declaring peace with Germany. Other measures passed by the last Congress and vetoed by President Wilson will also be taken up it was reported.

ATTACKS HARDING'S ACCEPTANCE SPEECH

SAYS REPUBLICAN NOMINEE DID NOT ACCEPT ANYTHING
BUT THE NOMINATION

(Special Service to Glendale Evening News)
DAYTON, O., July 24.—Governor Cox's acceptance speech is a vigorous attack on Senator Harding's acceptance speech it was reported here today. Long editorials in both the Cox papers stated that "Harding accepted nothing but the nomination. He failed to accept the nation's call to define his position before the people. Neither did he accept party leadership."

A busy sign on Governor Cox's office door today indicated that the nominee would not see politicians until after the notification ceremonies August 7.

POLISH ARMISTICE PROPOSALS ACCEPTED

STATE DEPARTMENT CONSIDERS ADVISABILITY OF EX-
TENDING CREDIT TO POLAND

(Special Service to Glendale Evening News)
LONDON, July 24.—Wireless dispatches from Moscow stated that the Soviet government had accepted Poland's armistice proposals. Bolshevik field commanders have been ordered to arrange for negotiations immediately.

WASHINGTON, July 24.—Dispatches from Warsaw indicate that the Polish armies are destitute of arms and ammunition, and are outnumbered by the Soviet armies 3 to 2. The State Department was today considering the advisability of the United States extending credit to Poland for the purchase of arms.

\$15,000 SUIT AGAINST OWEN MOORE

(Special Service to Glendale Evening News)
LOS ANGELES, July 24.—Movie followers were today speculating as to whether the \$15,000 suit filed against Owen Moore by Reno attorneys for legal fees in the Moore-Pickford divorce case would bring to light additional evidence concerning the alleged collusion between Mary and Moore which is contained in the nullification suit now pending in Nevada courts.

STAY INDEPENDENT

MEMBERS OF GREATER GLEN-
DALE DEVELOPMENT VOTE
NOT TO UNITE WITH C. OF C.

A meeting of the members of the Greater Glendale Development Association was held at the White Inn last evening to consider the question of remaining as an individual organization or joining with the Chamber of Commerce. L. T. Rowley, president of the Association, presided, and Roy L. Kent, secretary, pro tem., served as secretary. After half an hour's discussion, it was the unanimous decision of those present to continue working under the name "Greater Glendale Development Association." The attention of the members was called to the section in the articles and by-laws adopted two years ago setting forth the object of the Association, which is for the betterment of Glendale and vicinity and that all persons are eligible to membership without membership dues and without the payment of fees. This explanation brought out the fact that every citizen of Glendale who has at heart the best interests of the city is a member of the Association, which virtually means that every member of the Chamber of Commerce may, if he so desires, consider himself a member of the Greater Glendale Development Association. David L. Gregg was appointed as the Representative of the Association who is to inform the officers of the Chamber of Commerce as to the action of the meeting.

At this time of the proceedings the Chair explained that it had been impossible for the Secretary, Glenn Ely, to attend the meetings regularly, and he advised that another secretary be elected. On motion, Roy L. Kent, who has been serving as secretary, pro tem., was elected as the official Secretary.

The Secretary was instructed to have notification cards printed that hereafter when a meeting is called of the Association, members may be notified of the date and place of the meeting.

(Continued on Page 8)

LUNCHEON GUESTS

PACIFIC CHAPTER, O. E. S., EN-
TERTAINED BY MRS. GEO.
W. PIERCE

Mrs. George W. Pierce of 209 E. Maple street entertained the members of the Pacific Chapter of the O. E. S. of Los Angeles and their husbands Thursday night. A delicious luncheon was served during the course of the evening, which was pleasantly whiled away with cards and music. Decorations were effectively carried out by the use of various shades of beautiful dahlias.

Those present were Mr. and Mrs. John Fisher, Mr. and Mrs. George Miller, Mr. and Mrs. O. A. Shorb, Mr. and Mrs. Norton, Mr. and Mrs. James MacDowell, Mr. and Mrs. Reed, Mrs. Alvena K. Potter, Mrs. Wood, Mrs. Ruth Fisher, Miss Martha Wood, Mrs. Elsie Pierce Higgins, all of Los Angeles, Dr. and Mrs. Volbrecht of Sierra Madre, Mr. and Mrs. Thomas Broadhead of Pasadena and the host and hostess, Mr. and Mrs. George W. Pierce.

Mrs. Pierce was assisted by Mrs. Elsie Pierce Higgins of Los Angeles during the evening.

AUTO DEALERS' ASSOCIATION MEETING

The Glendale Auto Dealers' Association, to include in its membership every auto dealer, auto salesman and dealer in accessories of any and all kinds, will complete its organization tonight after a banquet at the White Inn, which is set for 6:30. Harry White, of the Packer & White Auto Co., is the temporary president and J. A. Newton, of the Eveready Electric Station, is temporary secretary. Permanent officers will be elected at tonight's meeting and all other business necessary to a permanent organization will be transacted.

TRAFFIC OFFICER NOW ON DUTY

During the temporary absence of Speed Officer Trautwein from his duties his place has been vacant and a great increase in reckless driving on Brand, Colorado, Broadway and Central avenue, often with wide-open mufflers and persistent violation of the provision against turning around between crossings has been noted by many citizens. Officer Collins has been appointed to take Trautwein's duties for a week or more and violators of the traffic ordinance will be apprehended wherever seen.

GLENDALE LEADS

FAR AHEAD OF CITIES OF HER
CLASS IN VALUE OF JUNE
BUILDING PERMITS

The monthly survey of the building records of cities of the whole nation and also those of the Pacific Coast as a class by themselves, shows that Glendale is far ahead of all coast cities of her class in value of building permits issued in June and ahead of many with much larger population. She is 15th in this respect for all coast cities and 10th counting California cities, only, coming next to San Diego with its \$204,465. Glendale, with less than a third of San Diego's population, had \$202,471 in permits.

Los Angeles ranked fifth of the cities of the nation in June permits with \$6,610,681. New York was first, of course, with \$20,771,530, and Detroit was next with \$8,407,530. Then followed in order Chicago and Philadelphia, each with less than seven millions, putting them ahead of Los Angeles by a very narrow margin.

Even with the above splendid showing for Glendale she is far below her needs in residences, public buildings and business buildings. A big hotel is, next to hundreds of new residences, many for rental purposes, the most vital need at present, especially in view of the coming tractor show. Of course it is now too late for this latter need to be met in time to be of service in entertaining the thousands of guests sure to be here September 20th to 26th, but there will be similar opportunities in the near future.

MEMORIES OF PAST

W. MILLS TALKS OF EARLY DAYS
IN BRYAN'S BIRTH-
PLACE

W. Mills, carpenter foreman for the Glendale & Montrose railway, was a caller at the Evening News office last night and in the course of a conversation entered into with a reporter, mentioned that his birthplace and Wm. Jennings Bryan's were the same, Salem, Ill. As the reporter had lived when a boy in Odin, six miles west of Salem, he was naturally interested. Mr. Mills told several anecdotes of Bryan's boyhood in the little county seat town, and of Judge Bryan, his father, who was a most uncompromising Copperhead during the Civil War and was very bitter against Union men.

Mr. Mills left Salem when he was 13 and has never been back. He has lived in California a good many years, most of the time at Riverside. Four years ago he came to Glendale and was employed by the Glendale & Montrose Ry. Co. in repairing car bodies. His first big job was in reconstructing two cars that came together with considerable violence on the 4th of July, 1916 on the first trip of the day to Montrose. Motorman Anderson started out that morning full of patriotism, Mr. Mills says, and to properly celebrate the country's natal day made all the noise he could. He tied the whistle lever down and went shrieking up the track with never a stop until Opechee Way was reached and there a car was standing on the track. The patriotic motorman put on the air, or rather tried to, but there was no air. He had used it all in celebrating the Fourth and his tank was empty, so his car smashed full tilt into the other one and there was a wreck, or two of them, rather, that took Mr. Mills many days to repair.

He has since then rebuilt the fronts of two of the new red cars that tried unsuccessfully to butt motor trucks off of the track and is now making over one of the old green cars. He has built a repair shop in the car barns at Montrose.

ANOTHER BURGLARY

The home of W. J. Bowers, 900 Randolph street, was entered by burglars Thursday night some time and ransacked. An open-face gold watch, Swiss make, \$12 in bills, \$8 in coins, \$25 in Liberty Bond coupons and two dresses were taken. A woman peddler who was at the house in the afternoon and very persistently sought to enter the house, is believed to have been the spy and helper of the burglars. City Marshal Stanley strongly urges householders to discourage the visits of peddlers and especially to be careful not to admit them to their houses. It would be wise, also, he says, to ask to see the peddler's license of any such, and report to the police if none can be shown.

NICELY LOCATED

**CHAMBERS & FELTS TAKE
GARDNER AGENCY AND ADD
REPAIR EQUIPMENT**

Chambers & Felts are now nicely established in their new building at 228 South Brand boulevard in the heart of the automobile section, where they have their repair and washing and polishing department running at full speed. They have taken the agency for the Gardner car and are singing the praises of this latest addition to their list of winners. They say the Gardner promises to become a very popular car.

Among the equipment they have installed in their repair rooms is a calculagraph, an instrument that is almost human (only it can't make any mistake) which registers the minute work is begun on a certain job and the instant it ends. The calculagraph protects the patron from paying for time which has not been spent on his job.

**SPASMODIC SPURTS OF THE
TRAFFIC COP**

Hey! yelled the cop,
With an ugly leer,
What do you mean
By parkin' here?
See that fire plug,
Four feet away?
Take this red card,
Now, don't get gay—
Slip in your clutch
And be on your way.
—Oregon Motorist.

DRIVER'S LICENSE

**YOU ARE LIABLE TO ARREST IF
YOU OPERATE A CAR
WITHOUT ONE**

Every person who would drive an automobile in California, first must secure an operator's license. The mere possession of the car, and a license for the car, does not permit its owner to drive it, unless he has this license. Neither can anyone drive any car unless he has this operator's license.

Formerly the license had to be renewed every year, but now they are good until revoked. A glance at the old license will tell whether or not it should be renewed.

Every person who motors should have one of these licenses, for he is liable to arrest unless it is in his possession when he is operating a car.

It is for the protection of the driver to have one. It will prove his identity when the signature is compared with that on the license in his car, and the description will further establish his identity. In case of an accident, the identity of the other person always can be established through the operator's license. If someone should steal a car or violate the law, his identity would be established, and the violation could not be fixed upon the owner of the car.

These licenses are issued upon application, and do not accompany the car license without an application. But the application is all that is necessary, there is no fee for its issuance.

COAST TO COAST

**AUTO CLUB GETS INTERESTING
DATA ON EASTERN ROAD-
CHARTING TRIP**

It now costs \$2 to put your car in a garage overnight in New York City. The general charge throughout the east is \$1.50 a night.

There is nothing "sleepy" about Philadelphia when it comes to handling its city traffic—they go thirty-five miles an hour down the main streets.

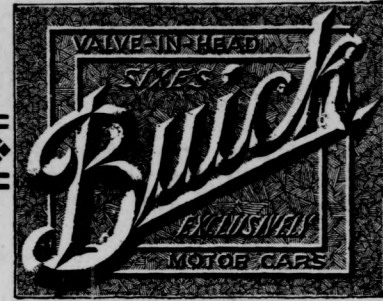

Garage treatment to customers in eastern states is of the pirate variety.

Read these, Mr. California Motorist, and grin—also read some more of the things discovered by the road-charting crew of the Automobile Club of Southern California which just returned to headquarters here from mapping the transcontinental highways.

When you are downcast and blue about some trivial unpleasantness here in the west, consider some of the tales of eastern troubles and consider yourself fortunate to be alive, even, in Southern California.

With the report submitted yesterday to Secretary Mitchell of the Auto Club by "Ollie" Lewis and "Doug" Rhodes of the charting crew, some refreshing facts about transcontinental travel came to light. And by the way, this is the first time in motoring history in this country that a single motoring organization has individually charted a coast-to-coast route for detailed "strip" maps in the interest of motor travel.

One of the most significant facts

The Buick Means Greater Tire Mileage

The quality of the Buick has long been a matter of common knowledge but each day some new proof of Buick efficiency is brought to light.

Recently a Buick touring car was driven overland to Glendale from the factory in Michigan and arrived here on the same tires without a puncture and with no motor or car trouble of any kind.

The Buick negotiated bad roads and difficult grades when other cars had tire and engine trouble repeatedly.

This is only one instance in thousands where Buick superiority has been demonstrated to the entire satisfaction of the man who is driving the car.

discovered by the club is that thousands of motorists are actually "saving up" in order to tour to California shortly. They don't know exactly when they are going, says Lewis, but they are going, and it is to Southern California that they have outlined their trips.

From Kansas City to New York was virgin territory for the Southern California Club so far as first hand road conditions and notes for "made in Los Angeles" maps are concerned. Heretofore the club had sign-posted the National Old Trails route for 2000 miles between Los Angeles and K. C.

East of Kansas City they don't know what road sign-posting is, states the report. They mark their highways by painting rings around telephone posts and letting it go at that.

Although there are many unpleasant features about motoring through the eastern states, there are some pleasant ones—such as the courteous treatment accorded strangers everywhere by the traffic police in the big cities. They are willing to direct the visitor, and to overlook his small mistakes.

But California laws are far ahead of those in the east. In fact, it is apparent that the Far West is the pioneer of motoring comfort, instead of the effete East.

**"THRILLERS" BRING HUGE
PRICES**

Every man who was once a boy remembers how, at the risk of discovery by his parents and all that went with it, he used to sneak to some secluded spot, take his paper-back novel of thrills from its hiding place and pore frantically through its adventurous pages. But little did he realize that these chronicles of the doings of "Deadeye Dick" and his partner, "Roarin' Bill," would some day bring big prices on the auction block as valuable literary collections.

From New York the other day it was reported that 316 of these stories of American frontier life as it was portrayed through facile pens in by-gone days brought \$3,198.20 at a sale. As many thousands wouldn't buy the thrills which these paper-

backs gave to the youth of other generations.

The memory of their boyhood surely has vanished from the souls of old-timers who don't get a thrill from the description which "Mustang Sam, the Mad Rider of the Plains," gives of himself:

"You ax who I be? I'm Mustang Sam, the high muckamuck of E Pluribus Unum! I was got by a bull whale out of a iceberg. I kin yell louder, run fuder, ride faster, shoot straighter, jump higher, tell bigger

lies, eat more bull and jump outside o' more chain lightnin' than any other two-legged critter as was ever pupped. I'm the man what swam up the Big Kenyon of the Colorado on my back. I'm the critter what climbed up a greased rainbow and bit the highest pint off of the new moon. I'm Mustang Sam."

And, after this self-recommendation, Mustang Sam brought only \$6.50!

ASK AID OF DRIVERS

MOTORISTS WHO COME UPON OTHERS VIOLATING LAWS SHOULD REPORT THEM

The inspectors of the State Motor Vehicle Department cannot be everywhere at all times, and if the law pertaining to motor vehicles is to be enforced, the drivers of cars must help. This is the declaration of Charles J. Chenu, Superintendent of the Department, who stands ready to assist in the punishment of anyone who violates the law.

Motorists who come upon others who drive recklessly, or violate the law, are asked by Chenu to report such instances in writing. When two complaints against any driver are made, the Superintendent of the Motor Vehicle Department under the law, can call a hearing, and if the person complained against is found guilty of recklessness, his license will be revoked. Such hearings will be called if the Department receives the complaints provided in the law.

There have been no hearings since Chenu became Superintendent, however, and in discussing the provision for reports, he says:

Drivers are slow, or rather negligent, in reporting instances of recklessness or violations of the law. We receive very few verified written complaints, and we hear of a great deal of reckless driving.

There is the driver who does not turn on his light as prescribed by law; the one who fails to give hand signals; the one who does not keep his side of the road, especially in mountain driving; the speeder and many others.

Of course speeding is hard to swear to, unless a car passes the one in which you are driving, and you are going the limit, or close to it. But this is to be remembered: If you are traveling thirty miles an hour, no other car has the right to pass you. The law permits a speed of thirty-five miles an hour only when the road is clear.

On the other hand, no motorist traveling fifteen or twenty miles an hour has the right to block the road if you wish to pass. Both are violations of the law.

These instances, of course, occur repeatedly, and drivers become careless. But if they were reported, and a few licenses were revoked, it would not be long until our highways would become much safer.

We want the laws enforced, and as far as we can, we will enforce them. But if the motorists of California want reckless driving abolished, and want the laws enforced, they can assist by reporting instances of violations of the law and of reckless driving to the Motor Vehicle Department in writing.

TRAFFIC CODE FOR PEDESTRIANS

Rule 1—Pedestrians crossing boulevards at night shall wear a white light in front and a red light in the rear.

Rule 2—Before turning to the right or the left the pedestrian shall give three short blasts on a horn at least three inches in diameter.

Rule 3—When an inexperienced driver is made nervous by a pedestrian he shall indicate the same and the pedestrian shall hide behind a tree until the automobile has passed.

Rule 4—Pedestrians shall not carry in their pockets any substances which when broken will be apt to cut automobile tires.

Rule 5—In dodging automobiles pedestrians shall not run more than seven miles an hour.

Rule 6—Pedestrians must register at the beginning of each year and pay a license fee of \$5.00.

Rule 7—Pedestrians will not be allowed to emit cigarette smoke on any boulevard in an offensive and unnecessary manner.

Rule 8—Each pedestrian before receiving his license to walk upon a boulevard must demonstrate before an examining board his skill in dodging, leaping, crawling, and extricating himself from machinery.

Rule 9—Pedestrians will be held responsible for all damage done to automobiles or their occupants in collision.

A QUARTER OF A CENTURY

When we see the thousands of automobiles that jam the highways of Southern California it scarcely seems possible that twenty-four years ago there were only four automobiles in the United States. Barnum & Bailey's circus at that time was announcing the exhibit of a "Horseless Carriage" among its freak wonders to be seen under the "big top." In 1897 one of the New York papers printed a sensational story describing an adventurous journalist's first ride in an automobile "in quest of a new sensation." In 1898 a plant was built to turn out "motor carriages." And now, less than a quarter of a century later, the estimated

BICYCLISTS CARELESS

BOYS ARE OFTEN TOO DARING WHERE AUTO TRAVEL IS HEAVY

It has been complained of by careful auto drivers and has been noted by pedestrians that many boys riding bicycles often tempt fate by seeing how much they can annoy drivers by weaving back and forth across the street in front of autos and darting in and out among machines. No one was ever hurt by being too careful. Parents should enjoin upon their boys the utmost care at all times. Warn them to keep off crowded streets as much as possible. Of course, they have a right to a share of the streets but that does not pay doctor bills when the inevitable accident occurs. There are very few, probably no auto drivers who will deliberately run over a pedestrian or a bicycle rider. Some, of course, presume on their rights to the road, but there are not many of these, but every bicyclist should watch his way as carefully as if all were. They should be particularly careful at every street crossing to look all four ways before turning. Not long ago a boy wheeled swiftly out Lexington Drive to turn south on Glendale avenue, and ran right under the wheels of an auto going in the same direction. Luckily, the auto was proceeding slowly and the driver saw the boy in time to set his brakes powerfully, but the bicycle was smashed and the boy narrowly escaped serious injury. Never count on the other fellow looking out for you. Look out for yourself, but, best of all, boys, keep out of dangerous places and off of congested streets, and, parents, continually warn your boys to steer a straight course while riding on the streets and to keep as far away from speeding autos as possible.

production of cars for 1921 is in the neighborhood of two million. The contribution of the automobile to civilization is tremendous and only within the last seven or eight years has the motor car been recognized as a real means of transportation.—Touring Topics.

Personals

Wm. Althouse and wife of 647 N. Isabel arrived at home last Wednesday from Honolulu.

Contractor John Rommel will build a 5-room residence at 618 N. Jackson for P. E. Dowd, to cost \$3000.

Mrs. T. A. Dodds of 347 Vine St. is home again after a visit of several weeks spent in Cheyenne Wells, Colorado.

Mrs. C. C. Childs of 345 Myrtle St. and son accompanied her husband to Santa Barbara Wednesday, on business, returning Thursday night.

Mrs. Alice Jackson went to Hermosa Beach yesterday to spend a few weeks recuperating from a serious illness following the recent death of her husband, Robert M. Jackson.

Mr. and Mrs. C. C. Childs and son Edward, of 345 Myrtle street, have returned from their motor trip to Santa Barbara, having spent several days there. They report having had a very nice trip.

Two permits were taken out yesterday for repairs and additions to residences, one by L. E. Dutcher at 414 Arden, \$300, and the other by A. J. Wilson, 366 West Harvard, \$500.

Mrs. H. L. West of 213 North Cedar street is spending several days at Redondo Beach. With her is Mrs. O. Cleveland of Selma, who has been her house guest for the past two weeks.

Homer B. Miller, wife and children of 434 Burchett are enjoying a motor trip to Lake Tahoe and intervening resorts. Homer was not hit by the gasoline shortage, as his machine, a steamer, uses distillate.

Born, Friday night, July 23rd, to J. H. Wittmayer and wife of West Broadway, a son. Mother and child are doing well and the father is greatly delighted, as this is the first-born. Mr. Wittmayer is the Jewel Electric Company proprietor.

A. M. Williams and wife and their daughter Dorothy of 208 South Orange have gone to Catalina to occupy their cottage there until time for Miss Dorothy to return to the State University at Berkeley to complete her senior year.

The little 3-room California house which has stood for a good many years at 310 South Central avenue, is being moved to the corner of Central and Harvard, where it will be remodeled and repaired.

Jason Killgore has been at home for a week now with his father and brother Russell at 118 Arden avenue. He has been wireless operator for several months on the Argyle, a Union Oil tanker plying between ports from San Diego to Seattle. The Argyle is now undergoing repairs at San Pedro.

Morris Jackson, who moved to Glendale with his new wife from Chicago a few weeks ago has been appointed to a temporary position on the police force. Morris was a most enthusiastic soldier boy during the great war, always eager for work and it is certain he will do his whole duty in the new position.

Miss Louise Hoyt of 128 N. Adams street left Wednesday for Long Beach where she will be a guest of the Misses Fuelscher, who, with their parents, Mr. and Mrs. A. H. Fuelscher of 118 N. Orange street are spending some time at the beach. Miss Margaret Fife of 517 N. Jackson street, who went to the beach with the Fuelschers last week returned to Glendale Friday evening and reports a splendid time.

Miss Edith Lindsay, charming dancer and teacher of dancing, well known in Glendale, who is taking a special course in the Southern Extension of the University of California was chosen by the Summer Session students to give the solo dance at their first social affair, a ball given in the Woman's gymnasium. Miss Lindsay was very highly praised for the artistic value of the dance which she presented.

Little Betty Jane Brown was the guest of honor at a party given at the home of Mrs. L. N. Hagood, 214 North Orange street, a few days ago. The occasion was Betty Jane's first anniversary. Many babies with their mothers were present, every one enjoying a good social time. Mrs. M. A. McElhaney from Alhambra, who is Betty's great-grandmother, graced the occasion with her presence. Gifts and refreshments figured in the course of events.

Architect Alfred F. Priest of Glendale has been quite busy of late preparing plans for buildings and additions. Among his recent ones are drawings for ventilating systems for two Los Angeles theaters; plans for the Goodno business building facing on Maryland in rear of the new theater; for alterations and additions to a large residence in Oxnard and alterations to the Hewitt residence in North Glendale. The plans for the Goodno building, which is to be a candy factory, are stated to call for concrete basement walls, brick superstructure walls, plate glass store fronts, pressed brick facing, pine trim, composition roof, metal and wired glass skylights.

WOULD YOU

hand your wife \$10,000 today and say to her "Invest this money for yourself—don't consult me about it. I don't want to be bothered about your investments." Well, isn't that precisely what you are doing when you leave, at your death, your insurance money to be handed her in a lump sum?

Don't you want to insure that your home will be kept up for your wife and children after your death by a monthly income that has a guarantee back of it that guarantees both principal and interest?

Do you want your death to take the "sure" out of your insurance?

A MONTHLY INCOME INSURES THE INSURANCE!

WARM CONTEST

PASADENA AND GLENDALE ELKS' BOWLING TEAMS IN RIVALRY

Flushed with recent victories that placed them in the lead for Southern California bowling honors, the Elks of Pasadena came over in full force last night with their crack bowling team to wipe up the ground with Glendale's plucky bunch. And while they carried off the palm of victory it was not without a strong fight, Glendale winning the first of the three games played, but losing the last two. The rooting of the Pasadena and Glendale spectators was as fierce and earnest as at an average baseball game. After the contest was over, however, all was cordiality and courtesy as an appetizing luncheon was partaken of and moving pictures enjoyed. The score was as follows:

Glendale	1	2	3	T	Av.
Apfel	172	189	208	569	190
Huesman	170	158	149	477	159
Christy			185	185	185
Foy	172	110		282	141
Caswell	164	179	161	504	168
Fortunato	180	170	163	513	171
	858	806	866	2530	168

Pasadena	1	2	3	T	Av.
Harris	161	185	182	508	170
Runyon	183	199	208	590	197
Bogart	168	211	237	616	205
Hopping	169	192	190	551	187
Shay	148	162	220	530	177
	828	949	1037	2814	186

O. E. S. PROGRAM

ELYSIAN CHAPTER ENTERTAINS OFFICERS OF OTHER ORGANIZATIONS

Three Glendale ladies, members and officers of Glen Eyrle Chapter, O. E. S., were guests of Elysian Chapter Friday evening. They were Mrs. Sallie Braden, Mrs. Earl Naudain, associate matron, and Mrs. Frank Vesper. The affair was in honor of matrons, patrons and associate matrons of Southern California chapters. About two hundred were present. The opening and closing of the chapter exercises took place at the Elysian Chapter hall on the corner of Echo Park and Sunset boulevard. The main feature of the evening, however, was a Hawaiian program staged in Echo Park for the entertainment of guests. It consisted of Hawaiian songs, ukulele music and dancing in Hawaiian costume. A huge bonfire furnished a picturesque background for the affair which in decorations and accessories was dominated by the Hawaiian colors. At a certain stage in the program matrons and patrons and their associate officers were invited to pass in review before the platform where each was decorated with a lais wreath. By way of refreshment melons filled with yellow ice cream were served. It was a delightful affair such as could rarely be staged anywhere but in California, the land of stable, pleasant weather.

HUNTLEYS ON MOTOR TRIP TO SEQUOIAS

Mrs. J. G. Huntley and daughter Virginia are expected home today or tomorrow from an outing at Catalina. With Mr. Huntley they are leaving Monday for a motor trip through Sequoia National Park. They have set no time for returning as the length of their trip will be determined by weather conditions and the supply of gasoline. The Huntley family visited this park two years ago and were charmed with its grandeur. They have visited all the National parks with the exception of Crater Lake.

Mr. and Mrs. George B. Woodberry have purchased the beautiful Frederick Baker residence at 409 North Maryland. They will take possession of their new home as soon as Mr. and Mrs. Baker leave for their summer home in Catalina.

J. A. Pope of the Yager Restaurant arrived at home yesterday from Nashville, Ark., where he was summoned a few weeks ago by the fatal illness of his mother, who died shortly after his arrival. Mr. Tolleck, his boyhood chum, who came up from Imperial Valley to help out in the restaurant during his absence, will return home next week.

DON'TS FOR ICE USERS

Don't forget to call the Independent Ice Co. for ice.

Don't forget to have all special orders in before 3 p. m.

Don't forget and let your ice box get empty and expect us to fill it immediately. The routes must be taken care of and we have but one special.

Don't forget that we have no preferred ones, but where preference must be shown it will be to our regular customers.

Don't forget that whether or not you have good service rests partially with you.

Don't forget that we never promise to do anything we have no intention of doing or are not sure we can do.

We are awaiting your order. Glendale 217.—Adv.

Notice To Our Patrons

NOT DISAPPOINTED

MRS. GEORGE E. TENNANT IS MUCH IN LOVE WITH HER ADOPTED HOME

Mr. and Mrs. George E. Tennant of 317 East Elk avenue were host and hostess Thursday at an informal musical and social evening at which were entertained a few neighbors and a friend from their old home, Akron, Ohio, who chanced to be in Southern California. It was in celebration of the birthday of their daughter, Mrs. Margaret Tennant. The Tennants came to Glendale last February, Mrs. George Tennant, her daughter and grandson preceding Mr. Tennant who remained to close up some business affairs in Ohio. Their advent was hastened by the destruction by fire of the big farm house in which they were living and which had been in the family for forty years. Cold weather and over-stoking of the furnace was the cause, and Mrs. Tennant and her grandson chanced to be alone in the house at the time. Before neighbors could get to them the house and its contents were past saving and only a few pieces of furniture were rescued.

They had been planning removal to California and so Mrs. Tennant came and bought two houses near together on Elk avenue, the one in which she is now living being then occupied by Mrs. Doxsee. She is very much in love with Southern California and says she has never known a homesick moment since she came. She declares she is never going back to Ohio unless it be in an auto overland to see the country en route. She expects other members of her family to come out and locate.

THE studios care given by us in following our client's instructions is certain to result in arrangements in harmony with the desires of those who employ us.

LEVER ACT

**HOMER SMITH OF ONTARIO
CHARGED WITH PROFITEER-
ING IN SALE OF GASOLINE**

A warrant issued yesterday for the arrest of Homer Smith a garage man of Ontario, charging him with "profiteering" in the sale of gasoline to Albert Keethe, a motorist, under the Lever Act against profiteering, was the first gun to be fired in a general investigation of reported over-charging without cause by independent dealers and garages.

That the arrest of Smith will be followed by others is indicated by the determination of the legal department of the Automobile Club of

Southern California to sift to the bottom scores of complaints made by members that they had been charged a dollar a gallon or more for gasoline during the shortage here.

The warrant for the arrest of Smith was issued yesterday by Assistant United States District Attorney Fleet Palmer in Los Angeles on the instance of the Automobile Club of Southern California following a complaint filed by Keethe, an employe of a motion picture company located at Culver City.

In this instance it is stated that Keethe retained in his possession a receipt signed by the Ontario garage man for the payment of three dollars for three gallons of gasoline. It is alleged by Keethe, that other motorists he met in the vicinity of On-

THE UNIVERSAL CAR

Weak Links in a Strong Chain

That's just what imitation parts are when they become a part of your Ford car. They look strong enough, but the metal isn't there—the strong, durable Vanadium steel that goes into the Ford chassis and every Ford part. Ford parts are specially cast and heat-treated, each according to its use. Some require a hard, flint-like wearing surface, others need resiliency, and some need just "toughness."

Ford metallurgists have been studying those problems for sixteen years and know just how each unit should be made to endure a maximum of wear and tear. They know that best results can be obtained only by the use of special formulas for different parts, and that honest Ford parts wear from thirty-five to one hundred per cent longer than counterfeits.

We carry complete assortments of genuine Ford parts for both passenger cars and trucks. And our garages are equipped to give careful, prompt Ford service—from minor adjustments to complete overhauls. Drive in, it's better to be safe than sorry. Come to the Authorized Ford dealers for service.

Insist on Genuine Ford Parts

FORD TRACTORS

SALES WILL INCREASE IN
HANDS OF FORD
DEALERS

Now that the distribution of Fordson Tractors in the State of California has been taken over by Ford dealers, instead of being handled by a single corporation as formerly there will undoubtedly be a large increase in the sales of this Ford Motor Car product.

Despite the fact that the production of Fordson tractors is going ahead at the rate of over 300 per day, it is now hard to secure enough to take care of the demand here. Many farmers have been forced to have to hire their work done because they waited too long before ordering their Fordsons.

It is the desire of Henry Ford to take care of these farmers and he is now planning to double his output of tractors but even this large increase will not altogether satisfy the great demand.

At the present time there are over 6000 Fordsons in use in this county, approximately 60 per cent of all the tractors used in the state and this remarkable growth has taken place within a year and a half. Long, hard hours of farm labor under the horse methods have been done away with by tractor farming and the ranchers appreciate this. Already in the surrounding orange district many ranches bear this sign, "Farm Work on This Ranch Done by Fords

tario stated that they had also been charged a dollar per gallon for gasoline at the same garage and an effort will be made to locate some of these individuals.

Reports have been received by the club from practically every county in Southern California that certain purveyors of gasoline were taking advantage of the shortage of gasoline to charge exorbitant prices for that commodity all out of proportion to the cost of securing it for the market.

Both the legal department of the club and the United States District Attorney's office are now hot on the trail of all profiteers who may be prosecuted under the Lever Act against profiteering, and the search for bona fide evidence will begin today.

No prosecution is contemplated, according to club officials, in instances where a higher price made necessary by the cost of truck haulage was made. It is pointed out that in many districts it was impossible for independent dealers to secure gasoline except at an added cost to themselves, and in these instances it is stated that they were justified to add this cost to the price asked of the consumer.

It is the "profiteer" who will suffer from the campaign instigated by the Automobile Club, and every effort will be made to secure evidence of such a nature that it will prove to be convicting under the Lever Act.

Evidence of this kind is in signed receipts issued by garages or dealers for the payment of a price which is purely above reason.

TEST LIGHT CAR

MR. LAWRENCE RECEIVES REPORT FROM OVERLAND ON COAST TO COAST TRIP

A coast-to-coast dash, unusual in the history of automobile runs in this country, started at midnight on July 18th when a stock Overland car left New York for San Francisco.

The run is being made by a relay of drivers—men who have never before sat at the wheel of this car. The drivers will be furnished by Willys-Overland distributors. Each driver will pilot the car through the territory covered by his distributor.

The purpose of the relay race is to establish the economy and the stamina of the new light Overland car, in particular, and the general desirability of the light car not only for the tangled traffic of the city but for cross-country touring.

With that end in view, the test has been removed as far as possible from the staged cross-country test run. There will be no expert drivers to take the car through the entire run from New York to San Francisco extracting mileage from gasoline that only an expert knows how to get.

The mileage obtained from the fuel will be that which the average, ordinary driver can obtain.

Every possible condition of weather, of climate, of roads—mud, sand, hills, mountain passes, should be encountered on this seven-day drive. It will be a test to determine the stamina of any car regardless of size.

A telegram received this morning by A. B. Lawrence, Manager of the Overland Glendale Motor Co. advises that the car left Cheyenne, Wyoming, one hour ahead of its schedule at 8 p. m. Thursday, having covered 2064 miles in 92 hours, using 17 drivers and averaging 26 miles per gallon of gasoline.

TOUGH ON BOB

Here lies the body of Robert Jay, Who died disputing his right-of-way. He was in the right as he drove along.

But he is just as DEAD as though he had been WRONG.

OVERLAND

NEW YORK

SAN FRANCISCO

A telegram this morning advises that the car left Cheyenne, Wyoming, one hour ahead of its schedule at 8 p. m., Thursday, having covered 2064 miles in 92 hours, using that far 17 different drivers, averaging

26 Miles Per Gallon of Gasolene

This is the first time in the history of motordom that a car of the Overland's price and weight has ever been put to a gruelling test of this kind, and the results should be of the greatest importance to every driver of a light car. These exhausting tests are not made for the fun of doing it but to prove beyond question that a light car has been built that surpasses in economy and performance anything heretofore manufactured. It takes the public a long time to wake up, and they are still buying this car, and that car, on its reputation, without investigation. There are thousands, though, that are buying the Overland, and if every one knew how good this car is, an avalanche of orders would result.

It is interesting to know that in Detroit, the home of several well known light cars, the Overland, built in Toledo, sold more than 400 cars last month, at retail.

Glendale 1400

AN OMINOUS MESSAGE FROM WATTERSON

Henry Watterson, the Harry Hotspur of the Democracy, the Dean of American journalism and a lovable character, who is liked even by those who disagree with his views, sends a message of congratulation to Governor Cox. He says the nomination "will stir the Democratic heart with a reflection of a triumphant past and the forecast of a radiant future." This son of old Kentucky, the home of good whisky and fast horses, concludes his enthusiastic telegram by predicting a "glorious victory" for the nominees of the Democratic party.

Far be it from us to intimate the presence of the skeleton at the feast, but it is a matter of political history that "Marse Henry" has never picked a winner. He predicted the election of Tilden and lived to see Hayes enter the White House. He prophesied the defeat of Cleveland and Wilson and both were elected. It was Watterson who said that Grover Cleveland would lead the Democratic party through a slaughter house to an open grave, and yet Cleveland won the presidency twice. Governor Cox says that he is "particularly pleased" with the Watterson message, but when he retires to his closet and thinks it over he must shudder at the optimistic message which comes to him from this venerable and glorious son of old Kentucky.—Long Beach Telegram.

ENCOURAGING NEWS FROM MEXICO

The most encouraging news that has come from south of the Rio Grande in years is an announcement by the Mexican government that unconditional surrender is the only condition on which peace will be made with Villa. Decision not only to parley with the outlaw is the first real evidence of strength from the new administration.

The fate of governments that bartered with banditti is written on every page in history. By adopting a bold stand toward every form of insurgency and disorder, the Obregon ministry is seizing its only chance to endure. The price of

DODGE SERVICE STATION OPEN EVERY DAY IN THE WEEK

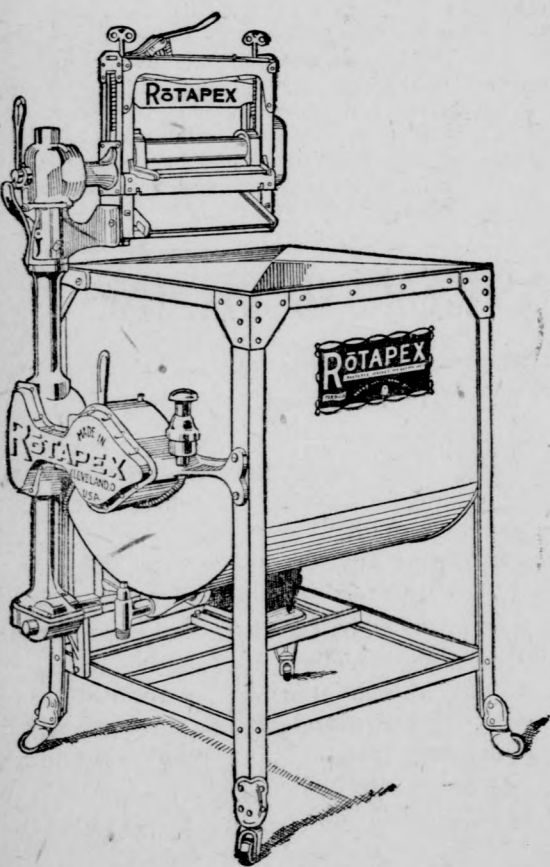

A statement inadvertently crept into yesterday's issue of the Glendale Evening News to the effect that the Dodge Service Station would be closed Monday. This statement was, of course, detected as an error by all who are familiar with Dawson & Ireland and their work. These gentlemen are on duty from early morning to late at night every day in the week.

MANY STILL VAINLY SEEKING TO RENT HOMES

Most of our real estate dealers have on file from 5 to 12 insistent applications for houses to rent. The agent for a bungalow court said he had every house leased long before the court was completed and had had more than 25 applications since then. He said he would start another court tomorrow if he had the means and could secure the right kind of location. It is a sad pity that so many desirable would-be and anxious-to-be citizens have to be turned away for lack of places to live. Time was when costly literature was sent out by thousands of pieces and ads were run in distant papers with the hope of attracting residents, but that is no longer necessary. Now the problem is to locate a fiftieth part of the eager searchers for homes in this most beautiful of residence cities. A lady hurried into the Evening News office last night and said: "For Heaven's sake take out that ad I put in today for renting my apartment. I have had over 30 calls for it and rented it long ago—I have been fairly swamped with callers."

crushing Villa, however great, cannot be as great as the price of buying him.

Suppression of the bandit with exemplary punishment would be certain to result in marked restriction of activities by other gang leaders. By establishing himself as a hero among Indians and peons in certain parts of Mexico he has incited many to follow his example and thus he has been a big factor in keeping the country in its present unsettled state.

NOTICE OF PUBLIC WORK

Public notice is hereby given that the Board of Trustees of the City of Glendale, on the 17th day of June, 1920, did at its meeting on said day, adopt an ordinance of intention No. 386 to order the following improvement to be made, to-wit:

That that certain alley in the City of Glendale which lies between Harvard Street and Colorado Street and is one hundred and thirty (130) feet, more or less, east of the east line of Brand Boulevard be widened to a width of thirty (30) feet, from the south line of Harvard Street to a point one hundred seven and twenty-four hundredths (107.24) feet southerly therefrom; said widening to be done on the west side of said alley.

SECTION 2. That the land necessary and convenient to be taken for the improvement described in Section 1 hereof is situated in the City of Glendale, County of Los Angeles, State of California, and is more particularly described as follows, to-wit:

First: The Easterly fifteen (15) feet of Lot 1, Block 62 of Campbell and Thompson's Tract, as per Map recorded in Book 9, Page 56, of Maps, Records of Los Angeles County.

Second: The Easterly fifteen (15) feet of Lot 2, Block 62, of Campbell and Thompson's Tract, as per Map recorded in Book 9, Page 56, of Maps, Records of Los Angeles County.

Sec. 3. The district to be assessed for the expenses of said improvement is described in and reference is hereby made to said Ordinance No. 386 for further particulars of said work.

T. W. WATSON, City Manager and ex-Officio Street Superintendent of the City of Glendale.

NOTICE OF PUBLIC WORK

Public notice is hereby given that the Board of Trustees of the City of Glendale, on the 27th day of May, 1920, did at its meeting on said day, adopt a resolution of intention No. 1100 to order the following improvement to be made, to-wit:

Section 1. That all of that certain portion of that fifteen (15) foot alley in Tract No. 1680, as per map recorded in Book 21, Page 66 of Maps, Records of Los Angeles County, California, be closed up, vacated and abandoned for street and alley purposes.

Section 2. That the land necessary and convenient to be taken for the improvement described in Section 1 hereof is situated in the City of Glendale, County of Los Angeles, State of California, and is more particularly described as follows, to-wit:

Beginning at the intersection of the easterly line of Sycamore Canon Road and the southerly line of Lot 1, Tract No. 1680, as per map recorded in Book 21, Page 66 of Maps, Records of Los Angeles County, California; thence easterly along the southerly lines of Lots 1, 2, 3, 4, and 5, of said Tract No. 1680 to the southeast cor-

ner of said Lot 5; thence southeasterly across an alley to the northeast corner of Lot 28 of said Tract No. 1680; thence westerly along the northerly line of said Lot 28 to the intersection of the northerly line of said Lot 28 and the easterly line of Sycamore Canon Road; thence northerly along the easterly line of Sycamore Canon Road to the point of beginning.

Section 3. The district to be assessed for the expenses of said improvement is described in, and reference is hereby made to said Resolution of Intention No. 1100 for further particulars of said work.

T. W. WATSON, City Manager, and ex-Officio Street Superintendent of the City of Glendale.

SUMMONS

Action brought in the Superior Court of the State of California, in and for the County of Los Angeles and the Complaint filed in said County of Los Angeles, in the office of the Clerk of said Superior Court.

In the Superior Court of the State of California, in and for the County of Los Angeles.

Eula Towne, Plaintiff, vs. Merton A. Towne, Defendant.

The People of the State of California Send Greetings to: Merton A. Towne, Defendant.

You are hereby directed to appear and answer the Complaint in an action entitled as above, brought against you in the Superior Court of the County of Los Angeles, State of California, within ten days after the service on you of this Summons—if served within this County; or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required the said plaintiff will take judgment for any money or damages demanded in the Complaint, as arising upon contract or said plaintiff will apply to the Court for any other relief demanded in the complaint.

Given under my hand and seal of the Superior Court of the County of Los Angeles, State of California, this 11th day of July A. D., 1919.

ROY W. DOWDS, Clerk. By E. D. Doyle, Deputy Clerk. Jones, Wilson & Stephenson, 722 Merchants National Bank Bldg., Los Angeles. Attorneys for Plaintiff.

NOTICE OF HEARING

Public notice is hereby given that the Board of Trustees of the City of Glendale did at its meeting on July 22, 1920, fix the time for hearing protests against the opening, widening and laying out of Commercial Street from the north line of Broadway to the northeasterly line of San Fernando Road and from the south line of Broadway to the westerly line of Central Avenue, and more particularly described in Ordinance of Intention No. 383 for Thursday evening, August 5, 1920, at 8 p. m.

J. C. SHERER, City Clerk of the City of Glendale.

WELFARE BUREAU

Continued from Page 1)

the very able president of the Council, while the Council work has been directed by the official board, Mrs. Yard, president; Mr. Kimlin, vice-president; Mrs. Young, secretary and treasurer; and Mrs. Norton, the representative from the Catholic Church.

Through the efforts of Mr. Kimlin from the Glendale Sanitarium, a free clinic has been established, their nurses and doctors giving their time for the cause.

We are now making an appeal for clothing used, but not entirely worn as we must prepare for the coming winter. Anyone having garments with wear left in them will please deliver them clean at the City Hall to Mrs. Yard on Tuesday, Thursday and Saturday mornings.

We had felt that through the summer months the work would be less but on the contrary it has been steadily increasing and we feel more than ever the need of co-operation. Please do not personally help the needy that you know, but turn the case in at the City Hall where we have every means of relief, where a complete record is kept.

Following we beg to submit report of both Council and Bureau for six months, January to June, inclusive.

Imagination's flights still claim altitude records.

PROSPERITY AHEAD

Pessimists who have been predicting "dull times" will be disappointed. Our economic needs are too great to think of doubtful conditions at this time.

Unfilled orders for steel continue to mount, railroads need equipment involving the expenditure of hundreds of millions of dollars, a coal shortage threatens, tens of thousands of houses are needed to provide shelter for the people.

What is needed now, more than anything else, is a safe and sane course between capital and labor. With that assured this nation will make great strides industrially in the coming months. A stabilizing influence is certain to be felt as a result of the recent price-cutting movement.

The future looks so roseate as to leave no room for doubt or pessimism.

Sunday Services at the Churches

PRESBYTERIAN

Broadway and Cedar. "The Church of the Lighted Cross." Rev. W. E. Edmonds, Minister. In the absence of the Pastor at Synod, in Santa Barbara, the Rev. Horace Sanderson of the Bible Institute will give the morning sermon, subject, "The Best Drink to Quench Thirst." Sabbath evening, Mr. H. L. Finlay will give an address on "Three Years in the Philippines." Mr. Finlay has a most interesting story and many curios which will be entertaining as well as educational, and will bring with it a spiritual message, for young and old alike. Morning worship, 11 o'clock. Evening, 7:45. Sunday School, 9:30 a. m. Endeavor Meetings, 3:00, 6:00, 6:30. Friends and strangers most cordially invited to worship with this congregation. Musical Program: Morning: Prelude, "Intermezzo" (Hollins), Miss Carolyn Bailey, organist; Quartet, "Pray for the Peace of Jerusalem" (Wilson); Offertory, "Prelude" (Chopin); Soprano Solo, "Saviour Divine" (Vincent Morgan), Anna May Galloway; Postlude, "March in G" (Smart). Evening: (a) "Andante" (Britton); (b) "March Romaine" (Gounod); (c) "Traumerel" (Shumann); Quartet, "O Holy Father" (Adams); Offertory, "Andante" (Selected); Contralto Solo, "The Strength of the Hills" (Nevin), Mrs. Fannie Marple Retts; Postlude, "Marche" Lemmens).

CONGREGATIONAL

Central at Wilson. Dr. E. H. Willisford, Minister. 9:45 a. m., Sunday School. 11 a. m., Reception of Members and Communion. Sermon by Dr. Willisford. No evening service.

CHRISTIAN SCIENCE

First Church of Christ, Scientist, corner Maryland and California avenues. Service Sunday at 11 a. m. The lesson sermon is from the Christian Science Quarterly Bible Lessons. Subject, Sunday, July 25, "Truth." Sunday School at 9:30 a. m. Wednesday evening testimony meeting at 8. Reading room, 135 South Brand Blvd., open daily except Sunday and holidays from 12 to 5 p. m. Also every Tuesday, Thursday and Saturday evening from 7 until 9.

CHRISTIAN AND MISSIONARY ALLIANCE

Meetings every Tuesday and Thursday, 7:30 p. m. Gospel Tabernacle, 310 E. Chestnut street, corner of Louise. Full Gospel—Jesus Christ—Saviour, Sanctifier, Healer and Coming King.

CATHOLIC

Mass at 7:30 and 9:30 a. m. Sunday School at 8:30 a. m. Sermon in English at 9:30 service. Doors open for all. Rev. James S. O'Neill, Pastor.

FIRST METHODIST

Corner Wilson and Kenwood. Rev. Clyde Monroe Crist, D. D., Pastor. Sunday School (graded), 9:30. Prof. A. W. Tower, Superintendent. The "auto race" contest is bringing results every Sunday. The attendance is greatly increased and the collections are doubled. It is a school conducted on the basis of efficiency. Send your children and come yourself. The Pastor will preach at 11 o'clock the second of a series on "Old Time Religion," the theme being, "The Burning Heart." Class Meeting at 12:15. Rev. C. R. Norton, Leader. Epworth and Intermediate Leagues in union service at 6:45. Mr. L. C. Leeds, Leader. Brotherhood Round Table at 7:00. Mr. A. G. Lindley, President. Praise, Prayer and Preaching at 7:45. The Pastor's theme will be, "The Best is Not Too Good." The following questions will be answered: "Does God send the earthquakes?" "If God is a God of love, why sickness and suffering and Death?" "Does God afflict and torment man because sin?" It will be a "live" meeting. The large vested choir will furnish excellent music. The acousticon is installed for the convenience of those who hear with difficulty. The usher will direct you. Come to a "Church that Seems Like Home."

CHRISTIAN

Corner Louise and Colorado Streets. Clifford A. Cole, Minister. Kansas Day for the Sunday School, at 8:30, with Kansas songs, decorations, etc. It is expected that a large number of native Kansans will be present. The morning sermon theme will be "Building a Bigger Soul." At night the minister will speak on "The Lost Boy." The choir, under the direction of Mrs. Whiting, will sing special numbers at both services. This church will hold all regular services during the summer months.

NEW THOUGHT CENTER

Masonic Temple, Sunday, July 25. Lecture by Dr. Frank Riley at 11 o'clock. Subject, "Does God Lead Us Into Temptation?" This is one of Dr. Riley's best sermons. All welcome.

FIRST BAPTIST

Corner of Wilson Avenue and Louise Street. Rev. E. E. Ford, Pastor. Sunday School opens at 9:30 a. m. Classes for all ages. Preaching services at 11 o'clock a. m. and 7:45 p. m. Rev. Geo. M. Lehigh, pastor of the First Baptist Church of Phoenix, Ariz., will preach at both services. Young People's meeting at 6:45 p. m. Prayer Meeting Wednesday evening at 7:45. A cordial welcome is extended to strangers.

STAY INDEPENDENT

(Continued from Page 1)

The Chair was instructed to appoint a Committee to take steps to secure suitable ground for an auto camping park at the time of the Tractor Show in Glendale. It was suggested that arrangements be made to secure the strip of ground at the intersection of Verdugo Road and Glendale avenue. It was the sense of members present that all money subscribed for promotion of the Tractor Show in Glendale be used locally for providing many conveniences and comforts for the visitors who will be in attendance.

W. B. Davis, a new resident of Glendale at 600 North Louise street, who is installing a large cucumber plant on San Fernando Road near the pumping station, was present and made remarks concerning how Glendale should endeavor to get the very best results out of the Tractor Show possible, and to do this he advised that arrangements be made to take care of the visitors in Glendale homes, that those in attendance might become familiar with the beauties of Glendale and the desirability of the city as a place in which to reside.

Chas. H. Black, representing the U. S. Compression Inner Tube Company which is about to install a plant on the San Fernando Road, west of Glendale city limits, was present and spoke briefly on how all the citizens of Glendale should unite to get the very most possible out of the Tractor Show that is to be held here in September. The Chair was instructed to appoint a committee whose duty it will be to look after the comforts of the visitors who attend the September National Tractor Show.

A resolution was unanimously adopted that the Greater Glendale Development Association approve of the energy used by the officers of the Glendale Research Hospital in promoting the sale of stock for the erection of a modern hospital in Glendale and that the members of the Greater Glendale Development Association stand ready to co-operate with the officers of this institution in all their efforts.

The meeting from beginning to close was a very harmonious one and will be followed next Friday evening by one at which it is expected many other members will be present.

POPULAR JURIST

JUDGE GAVIN W. CRAIG STRONGLY ENDORSED FOR COURT OF APPEAL

The filing of the nominating petition and affidavit of Judge Gavin W. Craig for Associate Justice of the District Court of Appeal is hailed with satisfaction by former and present pupils of the Judge living in Glendale. He was a teacher in the College of Law in the University of California, Berkeley, and a number of Glendale's leading attorneys were in his classes. Two Glendale citizens, Leslie Tarr and Harry W. Chase, are attending classes taught by him in Los Angeles now. A petition signed by about 80 per cent of the attorneys of Los Angeles requesting him to seek this office, was presented to Judge Craig some time ago. An executive committee of widely known residents of city and county, among them Kemper B. Campbell of Glendale, is advocating Judge Craig's election.

He is one of the highest authorities in the state on water right, securities and elementary law.

The Glendale Research Hospital

Permanency of Construction Planned--

The hospital buildings will be constructed of hollow tile instead of stucco as was at first planned. This change in connection with the fact that additional rooms may be added at any time without destroying the symmetry of the building, the convenience of the plant or necessitating the purchase of additional ground makes for permanency.

Persistence in Selling Stock Commended--

Our methods were commended at a meeting of the Greater Glendale Development Association, held Friday evening, when a resolution was passed congratulating the officers of the Glendale Research Hospital in selling sufficient stock to assure this institution to Glendale.

Permission to Begin Work Expected Soon--

Returns are now being made to the Commissioner of Corporations and since all requirements have been fully complied with it is expected permission to begin building will be received soon.

Purchase of Stock Still Possible--

Have you bought your stock? It is selling at par (\$100 a share) and you can pay for it in monthly or quarterly installments, as you prefer.

VAN ALSTINES WELCOME NEW MEXICO RELATIVES

Mr. and Mrs. E. B. Van Alstine of Riverdale Drive are entertaining their nephew and niece, Prof. and Mrs. J. W. Clarkson of State College, New Mexico, on their first visit to California. The auto in which Mr. and Mrs. Clarkson, in company with two others, came overland, was overturned in the Tatil Mountains of New Mexico. Fortunately, however, as the car fell only about six feet, the occupants sustained only slight bruises and the car was only slightly damaged. After a delay of about four hours the party continued on the way. Prof. Clarkson is the head of the Department of Teacher-Training at the New Mexico College of Agriculture and Mechanic Arts. He and Mrs. Clarkson are very enthusiastic about Glendale and its environs, which their uncle and aunt have shown them, and hope in the not distant future to be numbered among its citizens.

DEATH OF JUDGE DENNISON

Judge S. F. Dennison of Jerome, Arizona, brother of D. R. Dennison, of 702 East Harvard, passed away Friday night at the Glendale Sanitarium. He came to Glendale about four weeks ago in hopes of regaining his health, being a sufferer from heart trouble. Besides his brother, D. R. Dennison, he leaves to mourn him, his wife, Mrs. S. F. Dennison, of Ventura, and one son, T. M. Dennison, of Los Angeles. Deceased was seventy-two years of age. Funeral arrangements have not been made as yet.

HARRY DUFFIELD IN SERIES OF NEW PLAYS

Oliver Morasco, a noted playwright of Los Angeles and New York, is trying out seven new plays different from the usual order in many ways and one of the leading actors in the cast is Harry Duffield, formerly of Glendale. In the play running this week, "Seven Miles to Arden," Mr. Duffield takes the part of an aged book-keeper. He is past 70 years of age, but retains much of the vigor and fire of his youth, bidding fair to surpass the record of C. W. Coudock a quarter of a century ago when movies were unknown and a play was a play.

THE EVENING NEWS OFFICE IS OPEN FOR BUSINESS FROM 6:30 O'CLOCK A. M. TO 9:30 P. M. EVERY DAY OF THE WEEK EXCEPT SUNDAY. 139 SOUTH BRAND BOULEVARD. PHONE GLENDALE 132.

BITING AS MEANS OF DEFENSE

HOSPITAL NURSE REPORTS EIGHTEEN CASES OF PERSONS BITTEN BY "FRIENDS" IN YEAR

LOS ANGELES, July 24.—Biting is gaining popularity as a means of self defense, according to Charles Whitehead, chief nurse at the Los Angeles receiving hospital.

During twelve months ending June 30, he has attended eighteen persons who had been bitten by their "friends." One man lost an ear; another had sacrificed a finger, half a dozen had been bitten on the cheeks and the remainder in miscellaneous localities.

But people aren't the only animals that bite. A total of 313 persons were bitten by various reptiles and beasts, the list including dogs, cats, hornets, rabbits, rats, rattlesnakes, monkeys, squirrels, scorpions and horses.

One man was given medical attention after being bitten by a lion.
